

Subject:

Call for Proposals for IGSSE International Project Teams 2021: Now open!

Dear Colleagues,

It is my pleasure to announce IGSSE's 2021 call for proposals for **International Project Teams**. The call opening can be freely distributed among interested colleagues.

It is our goal to support research across borders and disciplines and combine it with high-level doctoral qualification & networking.

This year, IGSSE specifically fosters partnerships of TUM with its partner universities in the EuroTech Universities Alliance:

Danmarks Tekniske Universitet (DTU)
Technische Universiteit Eindhoven (TU/e)
École Polytechnique Fédérale de Lausanne (EPFL)
École Polytechnique (l'X)
Technion – Israel Institute of Technology

We encourage researchers at these institutions to join forces with TUM and initiate an **International Project Team**. Please note that constellations with other international partners besides the universities listed above are not eligible to apply. We especially welcome proposals which exhibit a highly interdisciplinary approach and composition of the engaged researchers.

You can find the detailed Call & Guidelines, Proposal Template and Qualification Guide here:

<https://www.igsse.gs.tum.de/index.php?id=319>

The deadline for submitting proposals is November 17, 2021.

Feel free to browse through IGSSE's long history of successful, interdisciplinary Teams on our website: <https://www.igsse.gs.tum.de/en/home/>

In case you have any questions, please do not hesitate to contact Katharina Geiselmann (ipt.igsse@tum.de).

Best regards,
Barbara Wohlmuth
IGSSE Director
